

### 1. The Potions Academy:

Say the spell to take the magic you will need from the cauldron.

"Oh magic cauldron hanging high  
Cloaking good from evils eye.  
From Blackthorn's network all connected,  
Keep the potions route protected."

To find: The cauldron hanging outside of The Potions Academy

### 2. The Potions Cauldron:

Cast the spell on the gargoyle, Grizzlenook to shroud his sight from the trail.

"So commonly you are mistook  
For our dear friend, Grobblenook.  
No evil will you practice here,  
Cloud your vision whilst ours is clear."

To find: Grizzlenook the Gargoyle

### 3. King's Square:

Cloud the evil agents view from the potion's route by saying the spell.

"Whale of the sea upon King's Square  
Blinkers on, restrict your stare.  
Our path is where it's always been,  
But to you remains unseen."

To find: A whale above The Last Drop Inn

### 4. Petergate:

Cast the spell on the figure looking for the entrance to the tunnels and shield our path.

"The entry point to tunnels hidden,  
Oft by Fry this route was ridden.  
Your clear view must be revoked,  
The righteous path remaining cloaked."

To find: A native American above a Petergate shop

### 5. The York Minster:

A tricky one to find; locate the spy and speak the spell to keep our route cloaked.

"Carved from Minster stone like thee,  
Was Grobblenook, but he can see  
The path by which Fry's potions ride,  
But unto you, the route we hide."

To find: Gargoyle above Queen Elizabeth II's statue on the West Front

### 6. Stonegate:

Find the devil and cast the spell. Do not look him in the eye or you could be cursed.

"To meet your stare doth bring a curse,  
Yet something that would be much worse;  
With Grumplefoot you share our trail,  
We cast this spell that you will fail."

To find: The Stonegate Devil

### 7. Little Stonegate:

Ensure the potions path is hidden. Find the mermaid and say the spell.

"Oh, siren of the sea, inland  
From your gaze, our trail is banned.  
With Blackthorn's network unconnected,  
So our secrets stay protected."

To find: The mermaid at the corner of Little Stonegate

### 8. Coney Street:

The face on the side of the clock is looking out for you. Cast the spell to stay hidden.

"By the clock, a bearded face,  
Which we pass without a trace.  
The potion trail you shall not see,  
I command and so it be."

To find: The bearded face on the side of the clock

### 9. The Hole In Wand:

Return the magic to the cauldron by reciting the incantation.

"Oh magic cauldron hanging high,  
We have been cloaked from evils eye.  
Blackthorn's network unconnected,  
The potion's trail remains protected."

To find: The cauldron hanging outside of The Hole in Wand
